AURORA

THE UK'S PREMIER SUPPLIER OF QUALITY
FIRES & FIREPLACES

MADE IN YORKSHIRE

Established in 1985 in Huddersfield, West Yorkshire, Aurora Fireplaces set out with the sole focus of manufacturing quality marble fireplaces for fireplace showrooms. From the start our approach has been to combine traditional hand finishing techniques with modern manufacturing, producing luxury fireplaces at an everyday affordable price.

Each and every Aurora fireplace we've produced in our 30 year history follows this philosophy, assembled by hand, beautiful and built to last.

Aurora has developed from a small family run company into one of the most trusted and recognisable names within the fireplace industry.

QUALITY THAT NEEDS TO BE SEEN TO BE BELIEVED

Fireplaces are the heart of every home, and to this end our mission has been to provide the stunning centerpiece everyone deserves.

We believe that to get a feel for a fireplace and how it might suit you and your lifestyle, you have to experience it first hand to truly appreciate the craftsmanship and detail that has gone into it.

At Aurora we're passionate about our fireplaces; we use only the finest micro-marble, lovingly shaped and hand finished by our skilled team. It's easy to produce a good fireplace but great ones take years of refinement and understanding.

It's one thing to see a picture, but to truly understand what makes a good fireplace great you need to experience it first hand, this is why you will only find Aurora in your local fireplace showroom.
