SHOWERING
— SINCE 1995 —

We are a British family run business with over 100 years of experience in producing bathroom products. Our experience, together with a strong belief in style, quality and value has positioned April as one of the UK's top brands for shower enclosures.

Our Guarantee

At April we design and manufacture high quality products that will stand the test of time. All products are rigorously tested to ensure they meet the high industry standards, because of this we are able to provide a lifetime guarantee with all our Identiti and Prestige Frameless enclosures when they are installed with one of our April trays.

Made In Britain

All our ABS capped shower trays are proudly designed & manufactured in Britain and ensure a perfect fit with our enclosures. Together they are backed by a lifetime guarantee.

COLLECTIONS

April Showering has a comprehensive collection of framed and frameless showering solutions that incorporate superior performance, technical integrity and stylish designs to suit all bathroom spaces.

10- 23 DESTINI
A comprehensive 6mm range of shower enclosures and wetrooms, timeless and innovative designs.

24- 49 IDENTITI
A contemporary 8mm range of shower enclosures and wetrooms, with uncompromising attention to detail.

50 - 65 PRESTIGE FRAMELESS
A premium range of frameless 8mm shower enclosures and luxurious 10mm wetrooms.

66 - 71 BATH SCREENS
Uncover our extensive range of bath screens, unique solutions for every situation and space.

identiti
NEW 8mm
CLEAN & CLEAR GLASS

LUXURIOUS 8MM GLASS

Our comprehensive Identiti range of showering enclosures has seen a specification upgrade from 6mm to high quality 8mm glass thickness. This improved feature will benefit the entire Identiti range with the exception of the Bifold.

April Products are continually developing established ranges with uncompromising attention to detail and quality, ensuring our products stand the test of time. This 8mm glass upgrade through-out Identiti represents incredible value for money.

View the entire collection from page 34.

SIMPLE INSTALLATION

April Products are not only designed to enhance the look of a customer's bathroom, we understand how important installers are to our business. Our aim is to be the N°1 choice for installers by making installers the N°1 priority when designing our products.

Design features to speed up installation:

- Easy clip on cover strips
- Pre-fitted rollers
- Easy fit fixed panel seals
- Pre-fitted u gaskets

Service features:

- Dedicated and experienced technical advisors are on hand to provide telephone diagnostics
- Field engineers are available for onsite visits
- Comprehensive and user friendly installation instructions
- The April website provides technical specifications for April ranges and also allows spare parts to be ordered easily.

Clean&Clear™
Easy Clean Glass Treatment

Clean & Clear™ Glass Treatment is applied as standard to all April Enclosures and bath screens

Benefits:

- Creates a 'non-stick' surface
- Resists lime scale build-up and water spots
- Easier to clean and keep clean
- Maintains the pristine appearance for longer
- Hinders bacteria growth for a more hygienic environment

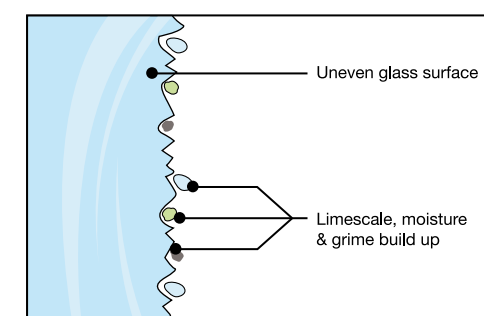

Clean&Clear™
Easy Clean Glass Treatment

Normal Glass

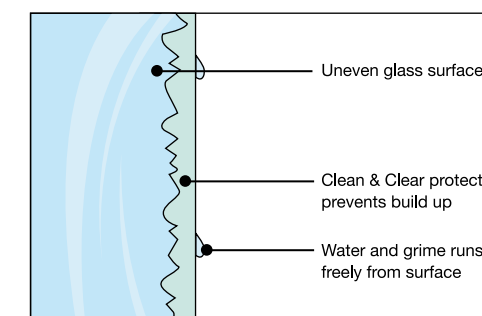

GLASS PROTECTION SYSTEM

The Clean & Clear™ glass protection system is both innovative and highly beneficial creating a protective barrier on the glass.

Normal Glass

Clean & Clear™ Glass

The Problem with Untreated Glass

The surface of glass is not completely smooth; under a microscope glass has a rough surface of peaks and potholes. Water, limescale and mineral salts can quickly build up in this uneven surface causing permanent staining and damage.

How Clean & Clear™ Works

Clean & Clear™ nano-molecules chemically fuse with the surface of glass and acts as a long lasting protective barrier. The hydrophobic or repellent properties stop limescale and other residue from bonding to the glass. It is completely transparent, non-hazardous and unlike traditional coating applications, Clean & Clear™ will never discolour, peel or crack.

Kinder to the Environment

Typically Clean & Clear™ reduces the frequency of cleaning by half. Just like 'non-stick' cookware, the maintenance of Clean & Clear™ protected glass does not require harsh and abrasive cleaning chemicals which can be expensive and damaging to the environment.

Aftercare

Clean & Clear™ glass can be cleaned with any suitable non-abrasive glass cleaner - with a PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning.

DESTINI

ENCLOSURES & WETROOMS

Destini offers a comprehensive collection of 6mm enclosures and 6mm wetrooms. The range boasts an uncompromising attention to detail, mixing quality materials with stylish designs, offering the ultimate showering experience.

At April we design & manufacture high quality products that will stand the test of time. All products are rigorously tested to ensure they meet the high industry standards, because of this we are able to provide a 10 year guarantee with all our Destini enclosures & wetrooms.

STANDARD TRAYS

Our ABS capped stone resin shower trays are proudly manufactured in Britain to ensure the perfect fit.

- Slimline 45mm height
- ABS capped stone resin
- Optional riser leg and panel pack
- Extensive range of sizes (see page 78)
- Lifetime guarantee

RISER

An optional riser leg and panel pack allows the majority of April trays to be upgraded to a riser tray. The easy fit adjustable legs and panels clips allow for a quick and easy installation and maintenance access, ideal for solid floors.

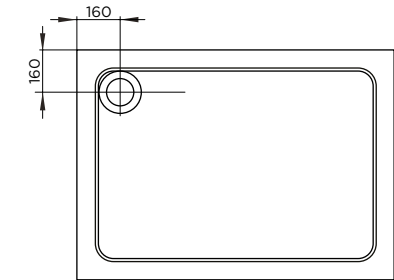

NEW

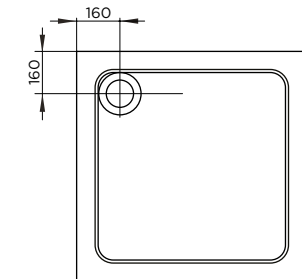

90mm Wastes

Our UK manufactured range of stone resin trays will now come with a stylish 90mm waste.

PRODUCT INFORMATION

SHOWER ENCLOSURES

All products are manufactured in accordance with ISO 9001 and ISO 14001.

All glass fully conforms to the relevant EN standards for toughened safety glass. All Aluminium sections are extruded from alloys which comply with the relevant EN standards. Doors and enclosures are tested in accordance with the relevant EN standards and are suitable for use with modern power showers. Products are supplied with full installation instructions and fixings.

GUARANTEE

April guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. Further terms and conditions are available from our website www.aprilproducts.co.uk.

SHOWER ENCLOSURES

All of our Destini shower enclosures carry a 10 year guarantee.

All Identiti & Prestige Frameless shower enclosures carry a lifetime guarantee when fitted with an April shower tray. A 10 year guarantee will be given when fitted with any other manufacturer's tray.

Wetroom panel guarantee applies as above. When panels are installed without a tray, a lifetime guarantee still applies.

SHOWER TRAYS

All shower trays carry a lifetime guarantee.

PRICES

The prices included within this brochure supercede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices are subject to alteration without notice.

ERRORS & OMISSIONS

In the interest of continuing design and development and product improvement, April reserve the right to change colour, designs and product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

MEASUREMENTS

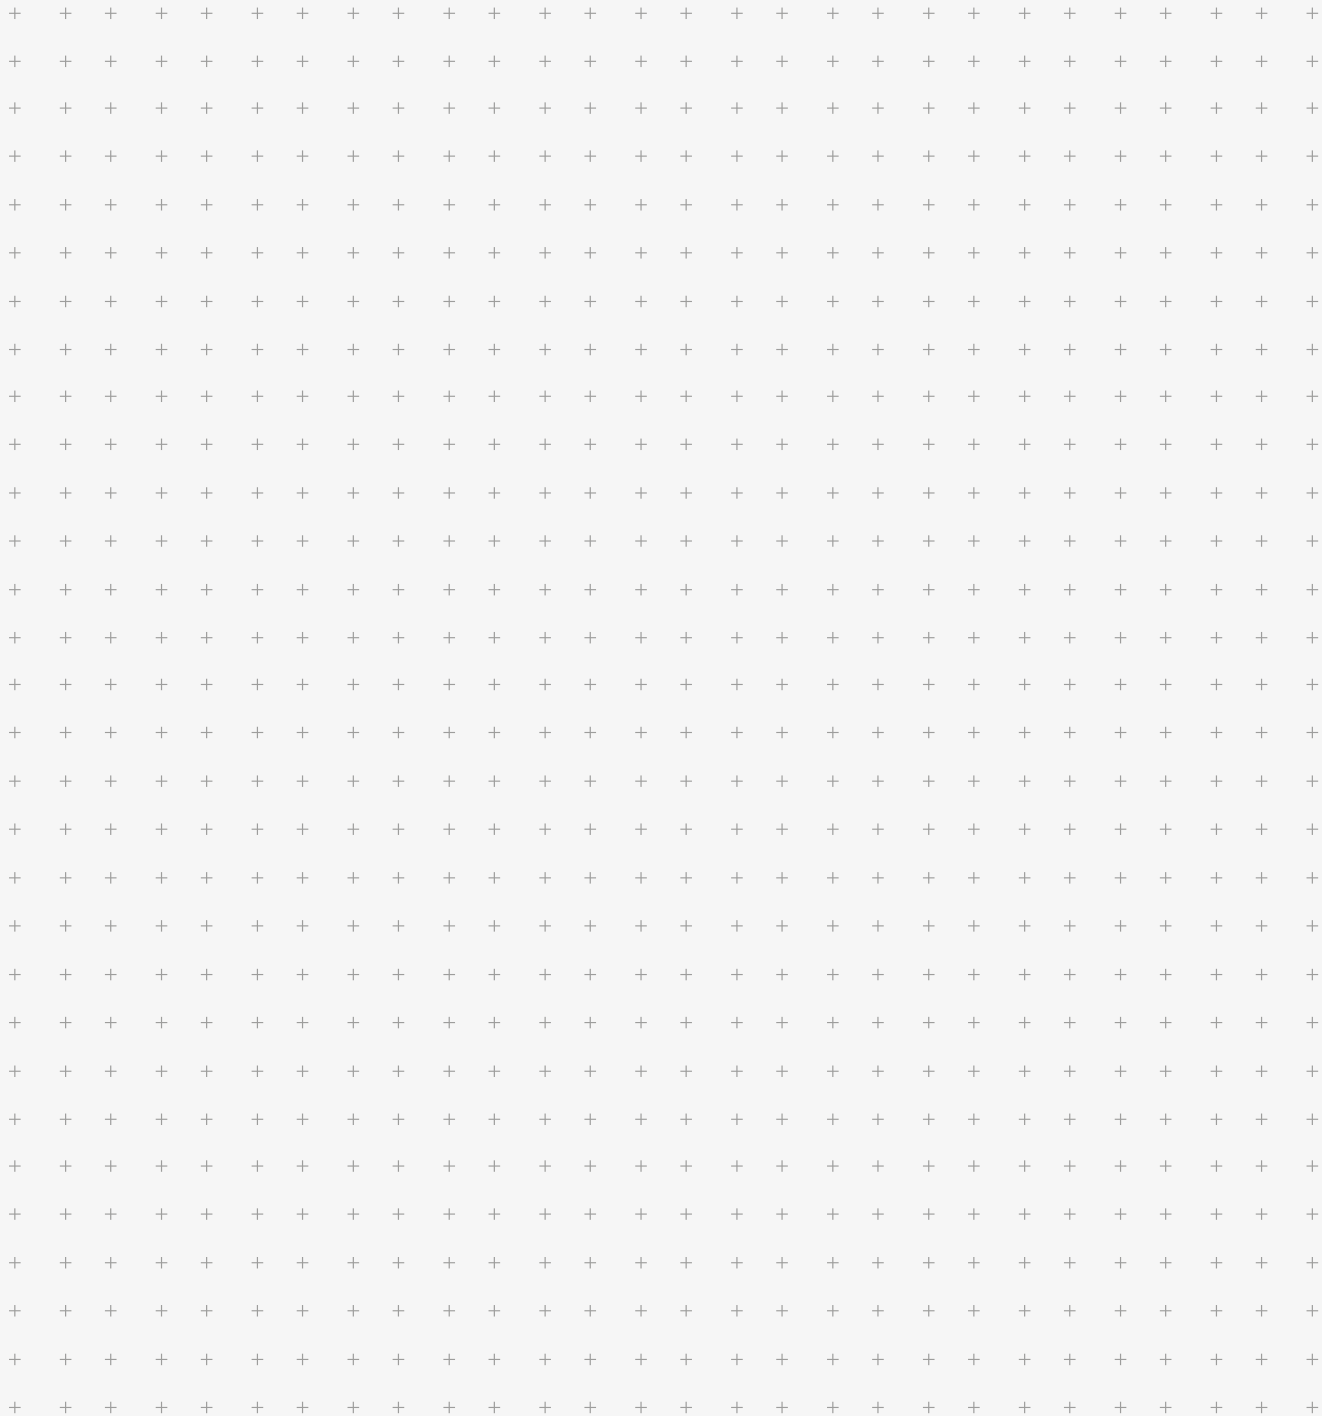

All dimensions are in millimetres and are nominal, they are provided as guidance only. They are not to be used as a template for a wetroom floor design.

CLEANING INSTRUCTIONS

It is important to clean your April shower enclosure after every use. Please wipe down all the glass and metal parts with a clean soft cloth. Ensure that all residual water on the glass is removed after every use. Clean and Clean™ glass can be cleaned with any suitable non-abrasive glass cleaner - with PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning. Install your enclosure in a well ventilated area.

USAGE

For reliable, watertight performance from your April enclosure your shower head should not be positioned so that the shower sprays directly onto the enclosure door. Failure to comply with this may cause the shower to leak. Outward opening doors may cause water to drip onto the floor, please ensure that the floor covering immediately outside the enclosures will not be affected by water.
